Marv Wolfman's complex, long-form plotting on TOMB OF DRACULA was years ahead of its time. On the art side, Gene Colan and Tom Palmer's visuals were arguably the final word on Dracula. So what do they have in store for us? An absolute Marvel Masterworks! Quincy Harker and his vampire hunters thought they had put an end to the Lord of Vampires — but no! Dracula's evil has survived...and has split our heroes apart. All the threads come together as Dracula enacts his revenge, but Dr. Sun may have different plans. Meanwhile, in the shadows lurks Deacon Frost! And Blade pursues the Legion of the Damned in his complete '70s solo stories. Also featuring Dracula's final Giant-Size issues — including John Byrne's first Marvel story! From the fetid of the swamps of the south comes the Man-Thing! The brilliant Dr. Ted Sallis' progress on a new Super-Solider Serum gained the envious attention of A.I.M. One untested injection and a hot-pursuit car crash into the swamp later, Sallis is forever changed. He is now the Man-Thing, a lumbering creature with the searing power to burn those who know fear! Under writer Steve Gerber, this concept became a 1970s comic-book classic. Mixing horror, occult and the Marvel Universe, Gerber's unique narrative concoctions could produce taut morality tales, biting social commentary, a budding sorceress, the Nexus of All Realities...and Howard the Duck! And with the top-flight restoration of the Marvel Masterworks, the muck monster has never looked better – or worse...bad in a good way, that is! Avengers Assemble! Earth's Mightiest Heroes are back in another Mighty Marvel Masterworks volume of classic tales from the Avengers' early days! Hold on tight as Captain America, Goliath, the Wasp, Hawkeye, Quicksilver and the Scarlet Witch battle the villainous Sons of the Serpent, the Living Laser, Ultrana and no less than Namor, the Sub-Mariner! With guest appearances by Iron Man, Black Widow, Hercules and Nick Fury, plus the first appearance of Giant-Man-to-be Bill Foster and the beginning of Avengers storyteller supreme Roy Thomas' amazing work on the series? There's no question this volume is a packed-to-the-limits must-have for every Marvel fan. Collecting AVENGERS (1963) #31-40.
